Cable Tie and Edge Clip, 50lb, Length 200mm, EC9 Panel Thickness 1-3mm, HS Tie, HIRHS Mount, 500/pk

Base Data

Local Order Number 156-00551

Type T50REC9SD

Color Black (BK)

Features and Benefits HellermannTyton's cable tie and edge clip assemblies are designed specifically to route bundles by securing them to the edge of a plastic or metal sheet without the need for a mounting hole. The clip is easy to secure and the extraction force is high due to the integrated metal clamp that holds the edge clip in place. The EC9 edge clip features a low profile saddle design at the entry point of the cable tie. This low profile saddle allows for improved tension and a more secure fit around smaller bundle diameters.

Fixation Method (FF) EdgeClip, top, assembled, 2 piece

Identification Plate Position none

Variant Inside Serrated
