Article Number: 121-00680

KR6/8 Tool, 1/EA

Base Data

Local Order Number 121-00680

Type KR6/8

Color Red (RD)
Blue (BU)

Features and Benefits

- KR6/8 tool tensions, cuts, and presses the locking pin through the head to lock it in place.
- Designed specifically for the Kabelrap ties to assure a permanent installation.

Recommended Cable Ties KR6 and KR8 series

Product Description The KR 6/8 tool has been specially developed for reliably applying HellermannTyton cable ties of the KR series. In separate operations the cable tie is tensioned, fixed and then cut off directly at the head. The tool can be quickly adapted to deal with different tie widths (6 mm and 8 mm) simply by exchanging the front plate. The glass-fibre-reinforced locking pin of the KR seal is mechanically crimped and leads to plastic deformation of the tie ends. This produces a vibration-proof permanent connection.
