Locking Omega Clip, 10-14mm, with FT6 Fir Tree, PA66HIRHS, Black, 2000/ctn

Base Data

Local Order Number 151-01166

Type LOC1014FT6LG

Color Black (BK)

- Features and Benefits**
- The 360 degree enclosure ensures the entire bundle is secure when being routed by this clip.
 - Locking tab on this clip is small enough that it will not interfere with any other portion of the wire routing, but is significant enough to allow for manual disengagement if service is needed.
 - The round 6mm fir free creates a secure fixating point within a panel.
 - Disc around the fir tree eliminates the waste and water to enter the panel hole.

Product Description The Locking Omega Clip creates a full and secure lock completely around a wire bundle ranging from 10-14mm. The fixating fir tree on this clip allows for the clip to be secured into a panel by a 6mm round hole.

Fixation Method (FF) Fir Tree

Short Description Locking Omega Clip, 10-14mm, with FT6 Fir Tree, PA66HIRHS, Black, 2000/ctn
