Features and Benefits

- Tagprint Pro 3.0 runs on the newer operating systems like Windows 7 and 8, allowing full compatibility and error free operation with the latest systems.
- Tagprint Pro 3.0 is now available in both a single user and network user version to accommodate the needs of all users weather small or large.
- Tagprint Pro 3.0 is now TAB based which makes it easier to navigate and learn because it is similar to existing Microsoft Office products.

Product Description Modeled after the new Office 2010 suite of products, Tagprint 3.0 is a revolution in simplicity in design and ease of use. The advanced feature set is easy to navigate and control and improves on all the existing features of Tagprint Pro 2.0 with the addition of many powerful new capabilities which include Network user and Network printer compatibility, auto sizing barcodes, powerful import utilities as the ability to have multiple templates and databases open at the same time. Even printer settings can be saved with each label design, allowing for the automation of the printing process using macros and scripts.
