Features and Benefits

- Continuous Vinyl Labels are made with UV stable materials for long outdoor life.
- Labels are extruded in the actual color and not colored using surface inks for long term fade resistance.
- Continuous Vinyl is provided in continuous rolls so that the markers can be printed and cut to any length using HellermannTyton thermal transfer printing systems.

Product Description HellermannTyton continuous vinyl labels come in a variety of colors and printing widths. The vinyl is UV stable and has been tested to 20 years outdoor durability in Xenon Arc testing. The labels can be printed and cut to any length to create a wide variety custom label designs, on demand and using standard thermal transfer printing equipment. Each roll contains 250 feet (76M) of high performance vinyl.
