Article Number: 854-35347

Modular Faceplate Icon Ring, Brown, 6/pkg

Base Data

Local Order Number	FPICONC-BRN
Type	FPICONC
Color	Brown (BN)
Features and Benefits	• Icons are simple to remove from the wheel and with one easy insertion the icon snaps quickly into the modular faceplate. • Multiple colors available to assist with color coding.
Product Description	Available in the same colors as the modular jacks, HellermannTyton's icons are ideal for identifying the modular faceplates. They are offered in rings of 16 icons with six rings in a bag. Each ring contains five voice icons, five data icons and six blank icons.
Short Description	Modular Faceplate Icon Ring, Brown, 6/pkg
