

MK7P-342

Article Number: 110-07111

Replacement blade for Mark 7 Pneumatic series tools.

Base Data

Local Order Number MK7P-342

Type Replacement Blade

Color Black (BK)

Features and Benefits The Mark 7 Pneumatic (MK7P) is built to perform in demanding production and manufacturing environments. Heavy duty precision parts ensure repeatability in the tensioning process. The MK7P fits comfortably in the operator's hand, reducing hand, arm and wrist fatigue. Due to its ergonomic features, HellermannTyton's MK7P makes it easier for the installer to consistently apply cable ties, while maintaining correct tension and flush cut-off. Safety is enhanced, as the MK7P can eliminate sharp edges of a cut-off cable tie.

Air Pressure Bar (min.) 3

Air Pressure PSI 90

Tension Setting Tools Adjustable

Short Description Replacement blade for Mark 7 Pneumatic series tools.

Product Dimensions

Air Pressure Bar (max.) 6

Air Supply non lubricated / lubricated

Hose Internal Diameter (metric) 4.0 mm

Tension Force 60 to 170 N, adjustable

Logistics and Packaging

Quantity per pc

Package Quantity (imperial) 1

Carton Quantity 1

Weight (Metric) 0.01 kg

Material and Specifications

ROHS Conformity Yes
