

RNA4UCN

Article Number: 859-30053

RapidNet Distribution Chassis, 7.0 " Height, 16.0" Deep, 19.0 " Length, Metal, Black, 1/pkg

Base Data

Local Order Number RNA4UCN

Type RNA6UXX-PD4UCN-XX.XX

Color Black (BK)

Features and Benefits

- 4U of vertical space can accommodate up to 16 RapidNet cassettes.
- Port labeling and identification both front and rear.
- Hinged front and rear doors offer protection for cable to both the front and rear of the panel.

Product Description HellermannTyton's 4U Distribution Chassis is designed for use with the industry leading RapidNet pre-terminated system where high density patching is required together with class leading patch cord management. The Chassis enables patch cords to be hidden from view and, with its high quality design and finish, enhances the visual presentation of a high performance data center. From standard density 384 fiber LC connections to high density 2,304 fiber MTP connections in each 4U of rack space, a range of different density requirements is catered for, no matter its location. The chassis can also accommodate 96 UTP copper ports. The RapidNet Distribution Chassis has applications in the Core, Horizontal, Equipment and Intermediate zones within a data center as well as single rack applications within SME communication rooms.

Technical Description Combining the patching area with the front cable management into a single self-contained 1U of rack space saves valuable room within the racks or cabinets which in turn allows for higher density patching or for installing more active equipment within the same cabinet. This can be particularly valuable in applications such as Storage Area Networks and high density Virtualized Server Clusters.

The Distribution Chassis is designed to help maximize the return on valuable U space whilst maintaining good access to connectors even when fully loaded, a real advantage when undertaking Moves, Adds & Changes (MACs). Use of tabbed LC and MTP patch cords from HellermannTyton can assist with the ease of undertaking MACs in high density patching environments.

Short Description RapidNet Distribution Chassis, 7.0 " Height, 16.0" Deep, 19.0 " Length, Metal, Black, 1/pkg

Product Dimensions

Length L (imperial) 19.0 "

Length L (metric) 483 mm
